

DIRECT NATIONAL

AS YOUR PREFERRED AUDIO VISUAL PROVIDER

We keep ahead of the times so you don't have to.

We have a well experienced team that is dedicated to researching the perfect product for every situation.

We value our people more than we value the technology.

We pride ourselves on providing the best support and service possible.

We make complex seem easy.

You just sit back and we'll handle everything! from supplying the product to training resources and support

ABOUT US

Direct National during its 26 years of business has supplied over 20,000 solutions within Queensland learning spaces, offices, boardrooms, training facilities, performance halls and auditoriums. During this period, we have seen the evolution of technology and online e-learning solutions and have established relationships with administrators, facility managers and educators that give us a unique insight into the learning and business requirements technology can adapt into their current and new spaces.

Now a preferred supplier under the Department of Education arrangement for Interactive technology and STEM, as well as the supply of all your essential office equipment; Direct National is your trusted one stop shop.

Having an experienced team of over three hundred accredited and qualified installers and electricians throughout Queensland, Direct National can provide their customers with low cost engagement, high quality installation and the ability to source a wide range of products; Ideal for when you are wanting us to integrate audio visual solutions alongside your proposal.
